## SUMMARY

Front end web developer with a background in fashion design, with a passion for self-development.

Very good at mixing analytical, and creative skills to build beautiful web applications that solve real world problems, but also incorporate lovely UI.

Well perceived by peers, family and friends as friendly, stylish, driven, hardworking and punctual.

## TECHNICAL SKILLS

**Markup:** HTML - CSS

**Language:** ES6 Javascript

**Frameworks:** Bootstrap - JQuery - Moment.js - Node.js - React.js

**APIs:** AJAX/JSON

## PROJECTS

### E COMMERCE STORE (1)

FOR THIS PROJECT I WORKED IN A GROUP TO BUILD AN ONLINE STORE FOR USERS THAT CAN PURCHASE ITEMS BY ADDING THEM TO THE BASKET, AND RECEIVE PROMO CODES. ALSO OTHER FEATURES INCLUDE HAVING CURRENCIES CONVERTED FOR INTERNATIONAL CUSTOMERS.

FOR THIS PROJECT WE UTILIZED HTML, CSS, BOOTSTRAP, JQUERY, AND SERVER SIDE APIS TO FETCH DATA TO APPEND CONTENT DYNAMICALLY. HOWEVER, MY TASKS INCLUDED WIREFRAMING FOR THE OVERALL DESIGN, AND USING BOOTSTRAP WITH CSS TO STYLE THE PAGE.

## DAILY PLANNER (2)

FOR THIS PROJECT I BUILT A SINGLE PAGE APPLICATION THAT HELPS WORKING PROFESSIONALS ORGANIZE THINGS SUCH AS MEETINGS, AND TASKS FROM THE WORKING HOURS OF 9 TO 5.

USERS CAN SAVE INPUT, WHICH WILL PERSIST EVEN AFTER THE PAGE HAS BEEN REFRESHED.

FOR THIS PROJECT I FOCUSED MAINLY ON JAVASCRIPT.

## WEATHER DASHBOARD (3)

This is an application which lets user's search for cities for weather updates over the span of 5 days.

For this application I used a server-side API, to fetch data from the Open Weather Map API to display based on a user's request.

## Experience

**Keyholder**  
**Goldsmith Vintage Ltd**

July 2022 - October 2022  
121-123 Charing Cross, W1D 4AS

I logged total sales for the day. For this I worked with EPOS software which kept track of sales, stored products, and managed our personal accounts. Also, With their payment server machine, I analyzed the numbers for both the software platform and payment server matched when it came to accounting total sales.

### Key Accomplishments:

- Processing 20-30 sacks of delivery
- Increasing sales by 30% via negotiating with customers
- Delegating tasks to sales advisor to prevent theft
- Suggesting store improvements to the founders
- Adding 15-20 customers to email list in store daily

**Intern**  
**Brick Lane Gallery**

January 2021 - June 2021  
216 Brick Lane, E1 6SA

I utilized Google excel sheets, to help the company keep track of total artists contacted daily. Also, I arranged the placement of artworks, to maximize the space the gallery offered.

**Key Accomplishments:**

- Emailing 400 artists via Instagram monthly
- Setting up exhibitions within 1-2 hours
- Making 3-5 sales of artwork each shift

**EDUCATION:** TRILOGY EDUCATION SERVICES UK

**Location** - university of Birmingham

**Program Certificate:** Front-end Web Development **(24/03/2023)**

An [16] week intensive **program** focused on gaining skills in:

- HTML/CSS
- Javascript
- Third party API's JQuery
- Server side API's AJAX & JSON
- Version Control
- Test driven development
- Object Oriented programming
- React & Node

This is a four month program where I will be learning the above, and building several deployed projects, along with **two** group projects.

These projects can be found on my personal **Github** -
